ABOUT OUR COMPANY

Our Company is an information technology company with fifty years of proven experience that has delivered high-quality customer service in a dynamic and fast-paced environment. We are a company that can work with all levels of an organization and possesses the ability to create, plan and deliver on time. Our SERVICES have demonstrated and established a disciplined approach to all maturing technological environments. Our existing customers from across the country remember us fondly for multiple IT services that include infrastructure, hardware, software integration, consultation, and sales - both hardware and software, and more.

WE UNDERSTANDS THE SPECIALIZED NEEDS OF LIFE SCIENCE ORGANIZATIONS, PROVIDING MANAGED IT SOLUTIONS THAT:

SAFEGUARD CONFIDENTIAL INFORMATION, INCLUDING SENSITIVE CLINICAL DATA AND INTELLECTUAL PROPERTY, WITH ROBUST DATA SECURITY

ENSURE COMPLIANCE WITH RELEVANT REGULATIONS, INCLUDING HIPAA AND OTHER FDA RULES, AND SOX

SIMPLIFY REPORTING AND AUDITING REQUIREMENTS.

SCALE EFFICIENTLY TO SUPPORT CHANGING NEEDS AS COMPANIES EVOLVE FROM INCEPTION TO IPO

At Our Company, we make technology work for businesses with Managed IT Services, SaaS, Cyber Security, CCNA, Security+, Network+, A+ certified representatives with a combined 100 years of diverse information technology experience encompassing network/server administration, desktop support, web development, and MS-SQL/MySQL database development/administration. Enterprise Resource Planning (ERP), Data Center, Management, Troubleshooting, LAN, WAN & VPN/Remote Connectivity, TCP/IP: Windows, Unix, NetWare Servers, Citrix and MSP.

MANAGED IT SOLUTIONS FOR LIFE SCIENCE COMPANIES

Pharmaceutical, diagnostics and other life science companies are challenged with maintaining compliance with rigid regulatory standards while managing rapid growth. They need managed IT solutions that simplify compliance while scaling quickly and cost-effectively to support their businesses as they progress from early stage to market stage

ABOUT THE COMPANY

Our Company holds various network and security certifications to help you manage and stay ahead of the ever-changing security landscape. A team of twenty competent engineers will bring expertise to Azure, AWS, VMWare, Microsoft, etc., ensuring that your network, servers, and end-users needs are met 24/7.
